TOSEI Corporation

Notification on Name Change of Legal Entity in Japan

We would like to thank you for your exceptional support and continued cooperation.

We would like to inform you that, as of July 1, 2026, we are changing the name of our legal entity from “TOSEI Corporation” to “Electrolux Professional K.K.” to enhance our organization as part of the Electrolux Professional Group, which operates on a global scale. We will continue to use our product brand names, such as TOSEI, TOSPACK and Electrolux Professional, as before.

Our group has been expanding its business operations through numerous mergers and acquisitions, and currently conducts global business operations with 20 product brands. Legal entity names in each country and region are currently being unified under our policy of integrating corporate names into the name “Electrolux Professional,” which represents the group. In line with this policy, the name of our legal entity will also be integrated as we approach the first anniversary of our corporate merger into the group.

We shall be combining our technological capabilities we cultivated over the years with the global network, to provide even more valuable products and services to our customers. All our employees are committed to taking this opportunity to increase our efforts in our business operations, and we would like to request your continued support and cooperation.
